AIM, OBJECTIVES & BENEFITS OF THE CONFERENCE:

The aim of this Conference is to present a platform for professionals from across the globe to engage in dynamic discussions on the rapid development in the fields of Cybersecurity, Digital, Mobile and Computer Forensics.

Attend DIGIFOR2020 Virtual Conference: a two-day event featuring live presentations and opportunities to connect with experts around the world. Be inspired, informed and advance your professional future and become an in-demand professional who understands the latest developments in Digital, Mobile and Computer Forensics.

Participants at the Conference will benefit in at least six ways:

1. Gain expert insight on the effective and efficient use of digital forensics in the investigation and prosecution of crimes.
2. Increase your consciousness and be aware of the possibilities for maximizing the use of digital, mobile and computer forensics tools and techniques to tackle and prevent the menace of terrorism, insurgency, cyber-attacks and cybercrimes.
3. Engage with top professionals in discussions centered on how to acquire, extract, analyze, report and present electronic evidence in the investigation and prosecution of criminal and civil cases.
4. Learn and gain valuable insight about some of the world's latest forensics equipment, software and tools.
5. Receive a Certificate of Participation.
6. Access and receive conference materials.
7. Earn 8 Free CPE credit hours.

PARTICIPANTS:

This Conference is open to: Law and Policy Makers; Military, Intelligence, Security, Police and Law-Enforcement Officers; Judges, Magistrates, Lawyers, Bank Inspectors, Accountants, Auditors, Investigators, Prosecutors, Legal Officers, Information Technology Officers, Forensics Examiners, Information and Cyber Security Officers, Engineers, Operations Officers, Academicians, Administrators, Students and individuals interested in Cybersecurity, Digital, Mobile and Computer Forensics will greatly benefit from this conference.
